ELECTION OF "DRY" LEGISLATORS URGED

Prohibition Speakers Tell of Battle Being Waged Against Liquor.

Roaring addresses given in three of the Protestant churches were features of the day of the Anti-Saloon League observed in Janesville, Sunday, in celebration of the work done by the League in Wisconsin and especially of the methods used to teach the citizens of the state the evils of the liquor traffic.

At the Methodist church, Rev. E. E. Barker, formerly of New York City, and now assisting R. P. Fulton in League work, spoke particularly of the country of organization being adopted as a model for other states.

At the Lutheran church, Rev. E. E. Barker, formerly of New York City, and now assisting R. P. Fulton in League work, spoke particularly of the country of organization being adopted as a model for other states.

POSITIONS THAT PAY WELL AND ARE ALWAYS TO BE HAD.
The perfecting of typesetting key-boards has brought new and unusual opportunities in the printing business. The business that gives development to great minds.

Positions of this kind always have paid well and perhaps always will, and doubtless they will always be plentiful, because the printing business expands as civilization develops. Anybody who could learn to operate a typewriter could learn to operate a typesetting key-board. Certain learn how to do the work of a monotype machine; if you want to learn to do the work of an intertype or a Linotype machine; if you want to get into a work that will always pay you well, and if you can spare three or four months for preparation, write for Prospectus to American Publishers' and Southern Publishers' TYPE-SETTING SCHOOL, 100 N. 3rd St., ST. LOUIS, MO.

To Stress Care of Teeth During Health Week

Care of the teeth as one of the most vital things to maintain perfect health will be especially emphasized this week in the schools here as a part of Health Week, which was postponed to now from last week. Health is emphasized in the school life 40 weeks in the year now instead of only one.

Rev. Henry Willmann, in charge of the local work of the Wisconsin Anti-Tuberculosis Association, has secured the Wisconsin Anti-Tuberculosis Association, to speak before the Rotary club Wednesday. Mr. Jacobs, former congregational clergyman, has for many years been head of the University settlement of Milwaukee, located in the Polish district.

Edgerton—The city has completed an extension of the water line by laying 1,000 feet of 10 inch pipe in the factory district, giving greater security from fire to the trailer works and stockyards property.

Answers to Questions

What is the purpose of the Christmas Savings Club?

The purpose is to help you and others to accumulate a fund for Christmas (1922).

How does the Christmas Savings Club accomplish this purpose?

By each member paying in a small sum each week for 50 weeks. Ten days before next Christmas (1922), each member will receive the total amount he has paid in and, if payments are made regularly, we add three per cent interest.

Does everybody pay in the same?

No. There are fifteen classes, the payments being made in different ways to suit the convenience of all. These different classes are explained in detail in the other column.

What are the payments in Class 1c?

In the 1c Class Going Up the payments begin with 1c the 1st week and increase 1c each week until you pay 50c the fiftieth week, or if you prefer you can join the 1c Class Going Down and begin with 50c and end with 1c on the fiftieth week.

Do the payments in the other classes progress in the same way?

They do. The only difference is that in 2c Classes the payments are twice as much, either Going Up or Going Down. And in 5c and 10c Classes the payments are five and ten times as much as in 1c Class.

But in the other Classes, the payments are "Uniform," being 10c, 25c, 50c, \$1, \$2, \$2.50 or \$5 each week, according to the Class you join.

What do I do to become a member?

All that is necessary is to go to the Rock County Savings & Trust Co., ask to be enrolled as a member and make the first week's payment or more.

Is there a membership fee or is there any cost to join? No.

What will the first payment be?

From 1c to \$5.00, according to the class you join. See detail list of payments.

How are the payments to be made?

Weekly, or any day during each week or in advance for as many weeks as you desire.

What will happen if I cannot keep up my payments or discontinue?

You may discontinue for any reason at any time; and at the period when the club closes, we will pay you all you have paid in, but without interest.

When and how can I withdraw?

Under no circumstances will any withdrawals, either in whole or in part, be allowed. What your deposit will be held for you until Dec. 12, 1922.

What form of receipt do I get when I make my payments?

We furnish a Card free on which all payments are receipted.

What would happen if my Card were lost, stolen or destroyed?

As we have a complete record of the payments of every member we will pay your share to you, whether you have your Card or not. The Card is of value to you only for the purpose of keeping track of your payments.

Can I become a member of more than one class? Yes.

When can I join?

You can join any time now or before 3 p. m. Tuesday, January 31, but preferably during the first week to avoid the rush on the last few days.

You may join now; the club opened today, and hundreds joined.

NOTE: Some \$44,000 was distributed to members of this year's Christmas Savings Club. We wish it could have been \$100,000 so that the added cheer could have been spread broadcast. Present indications point toward a much larger membership next year.

FARM BUREAU IS DOING BIG WORK

Represents 4,000 Farmers in Three Counties—Foster's Report Interesting.

How does the Farm Bureau help the farmer?

Southern Wisconsin is a stronghold for the Farm Bureau, especially in Rock, Walworth and Jefferson counties. It is estimated there are 4,000 members in these three counties. The active work of the Farm Bureau in these counties was started in January 1921 and the year's work was reported by W. A. Foster, field agent, at the annual meeting in Elkhorn Saturday.

There are many ways the Farm Bureau helps the farmer, which are not generally known. The chief purpose of the Bureau is to be the organized representative of the farmer in a county in the most effective way possible. Things are accomplished which the average farmer knows little of or really honestly appreciates.

Farm Development

The Farm Bureau stands for development on the farm and the protection of the farmer. To be of more practical help to farmers, the matter of farm improvements is the 1922 objective of the Bureau.

In Rock county the Bureau will represent the farmers in the determination of the state tax before the state tax commission.

The greatest victory of the Bureau this year has been the demand for the passage of the filled milk bill now in the state supreme court for a legal test.

Example of Work

An example of the amount of work done by a Farm Bureau secretary and field agent is shown by the annual report of W. A. Foster, Walworth county agent. During the year he sent out 13,812 letters, 4,088 bulletins, held 601 conferences, and attended 127 meetings, making 73 talks and 33 farm visits on farm work.

Cow testing associations are being urged in all districts and next year it is proposed to take a county-wide pledge for farmers to use only pure bred sires with their herds. Demonstrations form a big part of the Bureau and county agents' work for that they direct and advise farmers in the improvement of their herds. Southern Wisconsin counties are going to combine in 1922 for spraying rings to save the fruit orchards, continue the analysis and limestone work, urge growing of more legume crops and encourage junior livestock and grain clubs.

Summary of Report

The summary of the work accomplished by the Farm Bureau in Walworth county follows:

Financial: Stopped sale of \$150,000 in questionable stock and security issues. Stabilized wheat prices and saved \$50 by direct purchase of wheat and seeds. Saved members \$1050 by selling hog and cattle mineral mixtures, and poultry mash at cost. By consistent advising increased the production of farm products within the county \$4000 a week. Established farm wage scale \$10 a month less than prevailing rate beginning of year. Made it possible to secure grain and livestock for certain sections of county at saving of \$1 a ton. Represented pea growers at Elkhorn in conference on price. Represented pea growers at state conference on price.

Legislative: Took lead in securing filled milk legislation. Conducted national referendum on an important question for American Farm Bureau Federation. Conducted hearing on what is wrong with agriculture for senate investigational committee and forwarded same to national office.

General: Surveyed nine drainage systems. Co-operated in placing 200 hired men on Walworth county farms. Practically stopped sale of butter substitutes. Secured only whole milk cost survey in U. S. Promoted development of limestone quarries and marl beds at home. Published market conditions from time to time. Promoted cow testing. Rendered valuable personal service to 9 members. Co-operated with farmers' clubs, breed associations and federation of clubs and organizations. Is now seeking to adjust \$2000 in unpaid acceptance given to Raven-Mineral company.

Murphy Re-elected

J. H. Murphy, manager of the Elkhorn farm was re-elected president of the Walworth county Farm Bureau during the annual meeting held in the court house, Elkhorn, on Saturday afternoon. Frank Johnson, Dacien, was named vice-president. Paul Smith, Walworth, secretary and O. A. Mitchell, East Troy, treasurer.

H. A. Moehlmann, Milwaukee, former Clinton banker, spoke on the financial conditions of the nation.

O'CONNOR ESCAPES FROM CHICAGO JAIL ON EVE OF HANGING

(Continued from Page 1.)

Darrow took the key from the guard. The guard was carried inside the jail and O'Connor escaped. The other prisoners to the end of the cell block in the meantime.

O'Connor, Darrow, La Folle, Spaulding and McDermott then ran out of the cell block down the stairs to the third floor. There they found two guards who were subdued and taken back upstairs, bound and gagged and thrown into the cell just vacated by O'Connor.

The quintet used a freight elevator and dropped into another alley. Spaulding broke his ankles when he dropped to the ground, and was recaptured. McDermott and a number of other prisoners also tried to escape, but were stopped by other guards who, in the meantime, had seized rifles.

Four automobiles were commandeered by O'Connor as he fled, and two of them were wrecked.

Investigations were started immediately after the escape and a dozen prisoners were placed in solitary confinement.

Housecleaning Started

Chief Fitzmorris, State Attorney Crowe and Sheriff Charles Peters all agreed that there was evidence some employees or employees of the jail had had a hand in the plot to free O'Connor. Fitzmorris charged the condemned man with literally "shoving out of the jail."

The Patterson roadster was parked along the right side of the road leading toward Janesville when struck by the other machine going in the same direction. It was turned over into a ditch.

The car was parked and there may have been a fall-light on it, but it didn't see it," said Mr. Parker. "Mr. Baumann stood on the other side of the road to hail me. Rather than strike him, I struck the car. The wet pavement and lights of other cars made it impossible to avoid it."

Threatens to "Get" O'Connor

Dan Emmerson went to Joliet for the robbery, threatening to "get" O'Connor if he got out. O'Connor is said to have proposed that one of his followers, Jimmy Cherin, permit himself to be arrested, go to Joliet and kill O'Connor. He was found killed. Edward Miller swore O'Connor killed Cherin.

When O'Connor was captured several months later, Miller was kidnapped and the state's case failed for lack of a witness.

Miller was found later and the case reinstated. Then a search began for O'Connor. He was found at his sister's home and, in the ensuing fight, Detective Sergeant Patrick O'Neill fell, mortally wounded. Months later O'Connor was captured in a stolen auto with a train crew at St. Paul and returned for trial. He was convicted and sentenced to hang next Thursday.

Would Pardon O'Connor's Legal Status

The question of O'Connor's legal status, if he remains at liberty past the hour set for his hanging Thursday, was cleared up Monday by the announcement of Assistant Attorney General Heath, who presided over O'Connor, that he would appear before Judge Scanlon Thursday to ask that O'Connor's sentence be prolonged. A said sentence be prolonged at each term of court until O'Connor is captured, obviating the necessity for a new trial.

Police Armed With Gas Bombs

Rumors were thick all day. Report that O'Connor was in a house on the South side sent the police surging there with tear gas bombs and bullet proof shields. The tip was false. It was the home of Bishop Charles Anderson. The chief of police of Detroit wired that one of three men

tion, with special attention to agriculture. Better farming credits and markets were predicted by the speaker.

Rock County Meeting

An important meeting of the Rock county Farm Bureau is to be held in Janesville in the court house Tuesday afternoon, December 13. Representation during the re-determination of a tax assessments by the state tax commission is being demanded by the farmers. It is proposed to have the Farm Bureau wage an active campaign in Rock county for lower taxes in the farming districts, it being argued that all farm values have been decreased in the last year, not increased over the figures for 1920.

DUTHIE IS NAMED CAVALRY CAPTAIN

Cherbonnier Resigns to Go to Milwaukee—Others Promoted.

Resignation of L. O. Cherbonnier as captain of headquarters troop, 52nd cavalry brigade, Wisconsin national guard, Janesville, was announced Monday. Capt. Cherbonnier has accepted a position in Milwaukee requiring so much of his time that he found it inadvisable to continue longer as a guard officer.

W. C. Duthie, first lieutenant of the company, has been appointed captain. Other promotions will follow.

The property of the company will be officially transferred to Capt. Duthie on Dec. 23.

There will be a Box Social and Program with public speakers at the Burdick School Thursday Eve., Dec. 15. Everybody welcome. Mrs. McIntyre, teacher. Advertisement.

ROADSTER WRECKED ON CONCRETE ROAD

A car owned by C. K. Patton, Janesville and driven by Harry Baumann, also of this city, was demolished and Mrs. Harry Baumann was injured when the machine was struck by Russell Parker's car six miles south of the city on the Beloit contra highway. Sunday night, The Parker car had a fender and right broken.

The Patton roadster was parked along the right side of the road leading toward Janesville when struck by the other machine going in the same direction. It was turned over into a ditch.

The car was parked and there may have been a fall-light on it, but it didn't see it," said Mr. Parker. "Mr. Baumann stood on the other side of the road to hail me. Rather than strike him, I struck the car. The wet pavement and lights of other cars made it impossible to avoid it."

Shooting in a stolen auto resembled O'Connor. The police expect to hear that O'Connor is in a hundred different places before he is finally killed. The man hunt has extended all over the section around Chicago.

SHOOT TO KILL, ORDERS MILWAUKEE POLICE CHIEF

Milwaukee—Chief of Police J. G. Laubenheimer Monday issued a special order to 300 Milwaukee policemen and detectives, urging in active duty aiding in the search for "Lucky Tom."

"O'Connor, notorious gunman who led a jail delivery in Chicago Sunday, to take no chances with the desperate fugitive.

"Take no chances," he directed. "Aim straight and shoot to kill. O'Connor's last victim was a Chicago detective sergeant. Don't let his next be a Milwaukee policeman."

Milwaukee was looked to by the Chicago authorities for much aid in the hunt for O'Connor.

Janesville, Wisconsin.
Dear Santa Claus:—

I should like Johnny to have a Christmas present this year that he will thank me for every day of his life.

Kindly start a Savings Account in his name with the enclosed dollar and put the pass book in his stocking on Christmas eve.

I think he'll have fun watching his account grow when I explain how his savings will be increased by the interest added by your bank.

Hold me responsible for seeing to it that Johnny has something to add to his account every week. When he is older he will take over that responsibility himself. I think he'll have the saving instinct by that time. That will be a REAL gift.

HOLTON EMPLOYEES TO WORK EVENINGS

Big Demand for Product of Elkhorn Band Factory.

(Special to this Gazette.) Elkhorn—This city claims the distinction of having the only factory in southern Wisconsin whose production has not been curtailed by hard times and a business slump. It is the Frank Holton & Company, which Monday started overtime schedule. Two hundred employees of the mechanical departments will work on an overtime schedule to meet the demand for band instruments all over the country. A goodly number of the factory's instruments for a police band in the Bahama Islands, West Indies.

During the month of October the output of the factory equaled the output of production in the history of the institution and was 20 per cent larger than that of a year ago. The month of November equaled the preceding month, and the overtime work in all departments has been made in an effort to cope with the situation.

The management of the factory actively credits to advertising as mainly responsible for this condition, and the concession is particularly made in the sixophone department, as these advertising agencies are free to instruct on this instrument to those who purchase one.

The idea of school bands is growing fast in Wisconsin and the factory is being organized every year. It is expected that the normal production of 800 to 1,000 instruments per month will be greatly exceeded in December.

MISSOURI ELECTION OFFICERS
Elkhorn lodge No. 77, Missouri, has elected officers for 1922, and they will be installed at a joint installation to take place Thursday, Dec. 23. The following are the new elected officers: W. M. D. Gorman, president; J. H. Morris, treasurer; Arthur Deising, trustee; Grant Harrington. The feature of the election was the re-election of H. C. Morris, who has completed 33 years of service as secretary. Following the election the newly elected officers served refreshments.

"I have just finished my first bottle of Tanlac and the difference it has made in my feelings has certainly been a glad surprise to me," said Mrs. Fred Knorr, 1205 Griswold St., Detroit, Mich. "For three years past my stomach had been badly out of order and I have been in a weakened, run-down condition. I lost all desire for food and suffered so much from the formation of gas on my stomach that I often went all day without eating anything. My nerves became so strained that I would lie awake for hours at night and get up mornings more tired and dull than when I retired. Many times a day I had to stop my housework, so utterly tired out I could not go on another step.

"If it had not been for my mother coming to visit me from Rochester, N. Y., and telling me to try Tanlac I dread to think of how serious my troubles might have grown. Mother is now seventy years of age and yet she says that since taking Tanlac she feels like a woman of twenty-five. I noticed a wonderful change coming over me almost from the time I started taking Tanlac. My appetite and nerves are almost like new and I am sleeping fine every night. I am so thankful to be on the road to recovery that I can't praise Tanlac enough. My husband is now taking Tanlac with splendid results, too. It certainly is a grand medicine."

Tanlac is sold in Janesville by McCreary & Buss Drug Co. and druggists everywhere. Advertisement.

The new **Thor-32** Electric Washing Machine

Make this her Happiest Christmas

YOUR wife, or mother, or sister might be pleased with any good washer, but with a new Thor-32 she will be positively delighted. It makes the ideal Christmas gift—first, because it is so handy, some in its shapely design and gray enamel—second, because every week for years and years and years SHE will say, "Oh, how thankful I am for this wonderful Thor!"

\$10 Down Brings It

Ten dollars down and small payments monthly are the very easy payments we offer on every Thor—even this splendid new Thor-32. Don't even think of buying a washer until you see this splendid all-metal wonder washer.

It has the same revolving, reversing cylinder which over 700,000 Thor owners have proved and tested—also many new refinements and conveniences. It will do your washing in half the time required by other machines—and is built to last a lifetime.

Reduced Prices in Effect Now!

No reason to wait any longer. Prices are absolutely down to Rock Bottom. Make this Big Christmas Surprise from all the family.
